

PLATAFORMA DE AYUDA A FLETCHER

This is Fletcher. He is 3 year old living in Torrox (Málaga). On the 11th August he was diagnosed with a brain tumour. An aggressive/malignant/cancerous brain tumour. On the 14th August he underwent 7 hours of brain surgery to remove as much of the tumour as was possible. This just buys us time though, as it will grow again. What he needs now is radiotherapy to deal with the remainder. As conventional radiotherapy can damage developing brains Fletcher's best chance is Proton Therapy radiotherapy and he has been offered treatment in Indiana, USA. However this will cost around €150,000.

Can you help?

You may want to pray, to donate, even organise an event. Please remember though that any help - big or small - improves the chances for Fletcher.

Thank you. Plataforma Ayuda a Fletcher, Torrox.

Donate – (IBAN ES67) 3058 0737 39 2720012656
